

Key Information Document

Purpose

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

Product

Name	SHBC STE12
Identifier	ISIN Code: SE0006086674
Manufacturer	Svenska Handelsbanken AB (publ) (Handelsbanken)
Contacting the manufacturer	Website: www.handelsbanken.se Call +46 8 701 10 00 for more information
Competent authority	Finansinspektionen
KID Production Date	28 December 2017, 22:33

You are about to purchase a product that is not simple and may be difficult to understand

What is this product?

Type	The product is in the form of a debt instrument.
Objectives	To provide conditional interest payments in return for the risk of loss of capital and interest upon the occurrence of Credit Events in respect of Stena AB or any successor (the " Reference Entity ").

Reference Rate

The return is also determined by reference to Swedish 3 Month Stibor.

How the return is determined:

Interest Rate: Unless a Credit Event occurs, for each Interest Observation Date, the level of the Reference Rate plus 5.42%. In case any interest period is different (shorter or longer) than the other periods, the Reference Rate might be adjusted (further details may be found in the product's term).

Credit Events: Credit Events relate to the credit risk of the Reference Entity during a specified period and include: **Bankruptcy** - including forms of insolvency and resolution processes, **Failure to Pay** - in respect of qualifying debt obligations, **Government Intervention** (only applicable if Reference Entity is a financial institution and not a US entity) and **Restructuring** (only applicable if Reference Entity is not a US entity).

Credit Events are generally determined by a committee established by the International Swaps and Derivatives Association (ISDA®) and comprised of credit derivatives market participants (a "CDDC"). Such determinations are based on publicly available information. In the absence of such a determination, the Calculation Agent may determine whether a Credit Event has occurred, on the basis of appropriate supporting information (if any).

The credit risk taken on a Reference Entity is indirect, so there is no direct investment in a Reference Entity and you will have no claim against it.

• If no Credit Event occurs:

- **Interest Amount on each Interest Payment Date:** You will receive the Nominal Amount multiplied by the Interest Rate and adjusted to reflect the number of days in the relevant period relative to one year in accordance with the applicable day count fraction.
- **Redemption on the Scheduled Maturity Date:** You will receive the Nominal Amount on the Scheduled Maturity Date, subject to a suspension as described below.

Payments may be suspended while a Credit Event is being considered. If it is ultimately determined no Credit Event occurred, suspended amounts will be payable but after a possible substantial delay and without interest on due amounts for the deferral periods.

• If a Credit Event Occurs:

- **Redemption Amount:** A Credit Event will result in the redemption of the product (which may be after the Scheduled Maturity Date). You will receive a portion of your capital reflecting the price (the "**Final Price**") that dealers in the market for certain debt obligations of the Affected Reference Entity are prepared to pay for such obligations after the Credit Event. Such price will be expressed as a percentage (which is likely to be less than 100% and may be zero) and is generally determined by an auction organized by ISDA®. The product will redeem on the later of the Scheduled Maturity Date and as soon as possible following the determination of the Final Price ("**Credit Event Redemption Date**"), and on the Credit Event Redemption Date the product will redeem at the Final Price multiplied by the Nominal Amount.

In some cases the product may be settled in one or more parts in the case of any particular Restructuring Credit Events.

The amount payable may be further reduced on account of costs incurred by the manufacturer in connection with the redemption of the product (including replacing the funding provided by the product) or of terminating or settling any transaction it entered into to hedge its obligations under the product.

Key Dates and Values

All determinations and observations will be made by the Calculation Agent. All dates may be subject to adjustment for non-business days and market disruption events.

- **Calculation Agent:** Handelsbanken
- **Issue Date:** 12 October 2017
- **Scheduled Maturity Date:** 10 January 2023
- **Interest Observation Dates:** 8 January 2018 and quarterly thereafter up to the Scheduled Maturity Date (included)
- **Interest Payment Dates:** 8 January 2018 and quarterly thereafter up to the Scheduled Maturity Date (included)

Early redemption and adjustments

The terms of the product provide that if certain defined events occur (principally in relation to the product, any underlying, or the manufacturer of the product (which may include the discontinuation of the manufacturer's ability to carry out the necessary hedging transactions)), adjustments may be made to the terms of the product to account for the relevant event or the product may redeem early. The amount paid on any early redemption may be less than the amount originally invested.

Returns may depend on determinations of credit events by a CDDC and a recovery price by ISDA auction. The return of capital may be reduced, suspended, delayed or may be zero following a credit event.

Intended retail investor

This product is primarily intended for investors who:

- are looking for capital growth and income, and are expecting the underlying to perform in a way that generates a favourable return;
- are willing and able to bear a total loss of their investment, and accept the credit risk of the issuer;
- are willing to accept a level of risk that is compatible with the summary risk indicator shown below;
- have the ability to make an informed investment decision through sufficient knowledge and understanding of the product and its specific risks and rewards, potentially resulting from experience of investing in and/or holding a number of similar products providing a similar market exposure or relevant training activities;
- have a minimum investment horizon consistent with the maturity date of the product.

Performance Scenarios

Investment SEK 100,000

Scenarios		TERM_MAT TERM_UNITS_MAT (Recommended holding period)
Unfavourable scenario	What you might get back after costs	UNFAV_MAT_RPandCURRENCY
	Average return each year	UNFAV_MAT_IRR
Moderate scenario	What you might get back after costs	MOD_MAT_RPandCURRENCY
	Average return each year	MOD_MAT_IRR
Favourable scenario	What you might get back after costs	FAV_MAT_RPandCURRENCY
	Average return each year	FAV_MAT_IRR

PerformanceTableAbout

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What happens if Handelsbanken is unable to pay out?

This product is not protected by any investor compensation or guarantee scheme. If Handelsbanken is unable to make a payment and/or is in default, you may lose some or all of your invested amount and any payment may be delayed.

What are the Costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown here are the cumulative costs of the product itself, for the recommended holding period. They include potential early exit penalties. The figures assume you invest SEK 100,000. The figures are estimates and may change in the future.

Costs over time

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Investment SEK 100,000	
Scenarios	If you cash in at the end of the recommended holding period
Total costs	SEK 0.00
Impact on return (RIY) per year	0.00%

Composition of costs

The table below shows:

- The impact each year of the different types of costs on the investment return you might get at the end of the recommended holding period;
- The meaning of the different cost categories.

This table shows the impact on return per year			
One-off costs	Entry costs	0.00%	The impact of the costs you pay when entering your investment.
	Exit costs	0.00%	The impact of the costs of exiting your investment when it matures.
Ongoing costs	Portfolio transaction costs	0.00%	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	0.00%	The impact of the costs that we take each year for managing your investments.
Incidental costs	Performance fees	0.00%	Not applicable
	Carried interests	0.00%	Not applicable

How long should I hold it and can I take my money out early?

RecommendedHoldingPeriod1

The product is designed to be held until the end of the recommended holding period.

The recommended holding period is selected to correspond with the maturity date of the product. Please note that you may not be able to sell the product prior to the maturity date. If you are able to sell the investment at an earlier date, you may incur costs and may lose part or all of your investment. The manufacturer is under no obligation to make a secondary market in the product, but may choose to re-purchase the products early on a case-by-case basis. Further information is available upon request.

How can I complain?

If you have a complaint, please contact at firsthand the person at the company that has handled your case to present your view. If you have opinions regarding the product you should contact your branch office or Handelsbanken central complaints department which is reached at: klagomal@handelsbanken.se or Handelsbanken, Klagomålsansvarig, 106 70 Stockholm, Sweden.
